Vibrant Publishers : Linux Interview Questions You'll Most Likely Be Asked before purchasing it in order to gage whether or not it would be worth my time, and all praised Linux Interview Questions You'll Most Likely Be Asked:

8 of 9 people found the following review helpful. Nice little review, but too many errors for something this important.By akulaQuite frankly, this is suppose to be a book that covers interview questions. There is no room for errors. Here are just a few that I found:8. What device corresponds to the physical memory?Answer: /dev/kmem --

should be "/dev/mem"21. What is the exact command to store a block-by-block backup of the device /dev/sda, to the file /tmp/sda.imgAnswer: dd if=/dev/sda of=/tmp/sda.img -- should be "dd if=/dev/sda of=/tmp/sda.img" typo47. What user does Apache run as in RHEL/CentOS?Answer: www-data -- should be "apache" --Debian systems use www-data87. What command will set a script to run as the owner of the script, with all of the permissions of that owner?Answer: chmod 1755 script.sh -- should be "chmod 4755 script.sh"0 of 0 people found the following review helpful. Only basic stuffBy BartOnly basic stuff and a lot of errors:173, What does TCP port POP3 run on?Answer: 113really??b@Latitude-E4200:~\$ cat /etc/services |grep -i pop3pop3 110/tcp pop-3 # POP version 3pop3 110/udp pop-3pop3s 995/tcp # POP-3 over SSLpop3s 995/udpAlso formating doesn't look good on a kindle.

Linux Interview Questions You'll Most Likely Be Asked is a perfect companion to stand ahead above the rest in todays competitive job market. Rather than going through comprehensive, textbook-sized reference guides, this book includes only the information required immediately for job search to build an IT career. This book puts the interviewee in the driver's seat and helps them steer their way to impress the interviewer. Includes: a) 200 Linux Interview Questions, Answers and Proven Strategies for getting hired as an IT professional b) Dozens of examples to respond to interview questions c) 51 HR Questions with Answers and Proven strategies to give specific, impressive, answers that help nail the interviews d) 2 Aptitude Tests download available on website
