David Bohlke, Bruce Rogers : Listening Power 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Listening Power 2:

Listening Power is a three-book series with a targeted approach to teaching the listening skills that students need inside and outside the classroom and on standardized tests such as the TOEFL and TOEIC. Listening Power 2 features four distinct parts designed to be used concurrently. Language Focus teaches essential and sometimes difficult to understand language structures such as questions, numbers, reduced forms, homonyms, and sentence stress. Comprehension Focus presents skills for understanding main ideas and details, making inferences, and understanding sequence. Activities to help students apply the skills follow the presentation. Note-Taking Skills teaches students how

to identify important words and information. This section also presents helpful techniques such as use of abbreviations, symbols, and formatting. Listening for Pleasure uses interesting audio material from movies, TV, radio, and recorded storytelling to help students understand the more subtle meaning communicated through tone of voice, sentence stress, and reduced forms.
