**The Diagram Group : Little Giant Encyclopedia: Spells Magic** before purchasing it in order to gage whether or not it would be worth my time, and all praised Little Giant Encyclopedia: Spells Magic:

4 of 4 people found the following review helpful. 2nd one I've hadBy mren7827I had this book years and I finally decided to get another. I personally love this book. After you weed through the olds myths and superstition it is quite valuable. I wouldn't recommend it for new people to the craft. It might lead them astray. But someone who knows what is useful it is a nifty little book.2 of 2 people found the following review helpful. Diverse and conciseBy Kirk Alan EdwardsAmong the best book from any field.Highly diverse.Both for text and sigils,talisamns etc.Learned a great deal about seals of Solomon.Trying to make the magick work.I do not hold breath.Primarily entertaining.3 of 3 people found the following review helpful. Spells and MagicBy Mary BirnbaumA nice little reference book, but not for those who don't want to see a lot of satanic and dangerous stuff. Good for reference, but that's all in my opinion. When I bought this book, I did not know that there was so much about demons and the like in it. Interesting, but I don't

fore see using it utility wise.

Whether were among the true believers or the hardened skeptics, most of us are undeniably fascinated and intrigued by the mystical world of spells and magic. Satisfy your curiosity with this fully-illustrated reference, covering every aspect of a subject that has entranced people for centuries. Witches, magicians, shamen, voodoo priests and priestesses, and oracles all come under scrutiny as do demons, angels, and magical animals. Next, find details on coven rituals, using a pentagram, performing exorcisms, and conjuring spirits. Cast love potions and spells for protection, invisibility, and illness prevention. There's also a handy guide to powerful tools, tables of correspondences for the zodiac, and more. This is so mesmerizing, it will cast a spell on you!
