**Annie's : Live It Again 1944** before purchasing it in order to gage whether or not it would be worth my time, and all praised Live It Again 1944:

It seems a middle school history teacher provided some type from a webpage on the year 1944, to a class of 12 year olds, and had them cut and paste a product for a time filling exerise on a down day. There is poor content, poor organization, and the entire book comes across as pure tripe. It is amazing how some folks come up with a way to make a dollar! I bought as many issues as I could find. They will all be returned if 1944 is any indication of the quality of this series. The Saturday Evening Post should be ashamed.0 of 0 people found the following review helpful.
