Good for English Learners and ESL/EFL TeachersBy Kindle CustomerI bought this dictionary because I am an ESL teacher. I think it should be in every ESL/EFL teacher's library as well as every English language learner's bookshelf. The definitions are simple and easy to understand and the examples are plentiful. The university where I received my MATESL degree uses this dictionary as well and recommends its English learners buy a copy.0 of 0 people found the following review helpful. Ample examplesBy CustomerGood dictionary with ample amounts of examples, explain well in meanings. Only comments on its weight is not easy to hold when lying on the bed.

This dictionary is based on American corpuses of natural written and spoken English - the Longman Corpus Network. Written using the 2000-word Longman Defining Vocabulary, signposts help students find the exact definition they need quickly. Over 44,000 words and phrases are featured, with natural examples for better understanding of how words are used. "Spoken Phrases" boxes show natural, typical examples and idioms that only appear in speech. Simplified grammar codes give students easy access to essential grammar, whilst usage notes help students to avoid common errors.
