Binding: Vinyl Bound 528 pages | File size: 37.Mb

**Pearson Education : Longman Handy Learner's Dictionary of American English, Flexicover (Lhld)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Longman Handy Learner's Dictionary of American English, Flexicover (Lhld):

32 of 32 people found the following review helpful. Best dictionary for those who aren't great at EnglishBy H2TeacherI teach English at a large Los Angeles-area high school. Most of the students entering my class are reading

below grade level. I've bought several of these dictionaries over the past couple of years for students to use for vocabulary assignments and/or general reference. They have been, far and away, the most popular (and therefore, most used) of the dictionaries in the classroom. Students love the convenient size and easily understood definitions. Longman does an excellent job of making entries make sense. For instance, there are no lame definitions such as: "mysterious" means "full of mystery". Definitions can be a bit wordy, but they are written in basic English and students tend to understand them more readily than with other dictionaries. For comparison, the first entry for "mysterious" reads "mysterious events, behavior, or situations are difficult to explain or understand". Another feature which I like and no one has mentioned is the vinyl cover: durable, longer lasting than paperback covers of most inexpensive student dictionaries. Keep in mind, however, if you want a dictionary that contains every single word you might come across in your reading, the Handy Learner's word count is good, but limited. You might purchase a good collegiate dictionary (New World, New Oxford American, Longman's Advanced are all excellent choices) to supplement the shortcomings of the Handy Learner's. I have several in my classroom, but students tend to shy away from anything heavy and hardbound. I've had a great experience with the Handy Learner's and will continue to buy them for student use, as they are frequently "borrowed" (which, I guess, is a good thing as it means that kids actually want to keep them to use for themselves). 0 of 0 people found the following review helpful. Best Dictionary By mumtaz khan This dictionary gives easy definitions for simple and hard words! It's very helpful 0 of 0 people found the following review helpful. Five Stars By Customer Good, really useful

This popular, pocket-size dictionary is ideal for students who need a quick and easy reference to American words and phrases. This handy new dictionary also has a hard-wearing plastic cover.
