Best Basic ESL Vocabulary Book By Shu Ping The Longman Photo Dictionary is not as comprehensive as other visual dictionaries I recommend, but it's the best basic ESL everyday vocabulary book I've found. Depending on where you buy it, a bilingual edition might be much cheaper. I bought one in China, where it was a fourth the cost of the Oxford Picture Dictionary. It also has the advantage of photos, which are more vivid than the drawings many of the other visual dictionaries use. A bilingual edition is also a survival kit for travelers. So treat it like your traveler's checks: "Don't leave home without it." Shu Pingeslbookreview@yahoo.com
