I love Madame Benoit's approach and style. She was one of the earlier good cooks to have a TV show in Quebec, I believe. A fun read and good recipes to try.3 of 3 people found the following review helpful. amazedBy marciaMy 85 year old friend had a copy of the cook book and loaned it to me and it was a great book as well as a great cook book and he considered it his cooking Bible. Upon receiving my order I found the book to be in excellent condition and it was received in less than a week.Thank you Books.com.Marcia Scroggs2 of 2 people found the following review helpful. great cookbook with all the right info for a real ...By Pamela Lambertgreat cookbook with all the right info for a real cook like myself.
