**Dale Henson : Magic Encyclopedia, Vol. 2 (Advanced Dungeons and Dragons)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Magic Encyclopedia, Vol. 2 (Advanced Dungeons and Dragons):

Did you ever wonder what a phylactery is? Do you know what the difference between a cloak and a robe is? The Magic Encyclopedia answers these questions with succinct definitions of every type of item found in a magical treasure hoard, and every definition has an illustration. The list of definitions in Volume Two runs from Goggle to Zwieback, and completes the list begun in Volume One. The listing includes an experience point value and a gold piece sale value for each item. At last you'll know exactly what every bauble in any hoard is really worth. The listing also identifies the product where the item is described and the page number where you can find it.
