Good book but stay away from the digital version. You can only zoom in the English words but the Thai stays too small to read.

My Thai wife has banned me from using this "bad book". Maybe it's too effective.

READ BETWEEN THE SHEETS  
By Jesus C. Ubinas  
This is a phrase book for people who go to Thailand to do what most people go to Thailand to do. It covers a wide range of social situations from "What's up?" to "Do you have a condom?" Please do not think this a just a bunch of crude and rude phrases tell to Mr. or Mrs. Right now. It is more than that. It shares with us the those special sweet nothings that Thais tell the people they love. While it does contain some off color remarks, this is not the focal point of the phrase book. Moreover, those comments (when it is not obvious) are clearly marked as being vulgar-- so you won't accidentally use it with the wrong company. Whether you are making small talk, telling time, making friends, going out, or just spending time with the one you love-- this book will come in handy to fill in the voids left by other phrase books.  
P.S. The revised version has the phrases written in Romanized Thai with tone marks and real Thai fonts, so the Thais can read what you are trying to say.

Making Out in Thai is a fun, accessible and thorough Thai phrase book and guide to the Thai language as it's really spoken. Dichan long nai tua khun! Ca phop kan iik muearai? (I'm crazy about you! When can I see you again?) Answer this correctly in Thai and you may be going on a hot date. Incorrectly, and you could be hurting someone's feelings or getting a slap! Thai classes and textbooks tend to spend a lot of time rehearsing for the same fictitious scenarios but chances are while in Thailand you will spend a lot more time trying to make new friends or start new romances something you may not be prepared for. If you are a student, businessman or tourist traveling to Thailand and would like to have an authentic and meaningful experience, the key is being able to speak like a local. This friendly and easy-to-use Thai phrasebook makes this possible. Making Out in Thai has been revised and redesigned to act as a guide to modern colloquial Thai for use in everyday informal interactions giving access to the sort of catchy Thai expressions that aren't covered in traditional language materials. As well as the Romanized forms, each expression is given in authentic Thai script (akson thai), so that in the case of difficulties the book can be shown to the person the user is trying to communicate with. This Thai phrasebook includes: A guide to pronouncing Thai words correctly. Explanations of basic Thai grammar, such as, word order and polite vs. impolite forms. A guide to male and female usage. Romanized forms of words and phrases with tonal markings. Complete translations including Thai script (akson thai). Useful and interesting notes on Thai language and culture. Lots of colorful, fun and useful expressions not covered in other phrasebooks. Titles in this unique series of bestselling phrase books include: Making Out in Chinese, Making Out in Indonesian, Making Out in Thai, Making Out in Korean, Making Out in Hindi, Making Out in Japanese, Making Out in Vietnamese, Making Out in Burmese, Making Out in Tagalog, Making Out in Hindi, Making Out in Arabic, Making Out in English, More Making Out in Korean, and More Making Out in Japanese.
