This all-new guide provides resources and strategies to help care for children with chronic medical conditions and special health care needs in the community and school setting. Covers a spectrum of chronic illnesses, acute situations, and selected developmental and behavioral problems, with a special emphasis on children with special health care needs. Includes more than 35 condition-specific quick reference fact sheets, signs and symptoms, when to call emergency services, medication administration, and ready-to-use sample forms and care plans.

About the Author Elaine A. Donoghue, MD, FAAP, is a general academic pediatrician at Jersey Shore University Medical Center and a clinical associate professor of pediatrics at the University of Medicine Dentistry of New Jersey Robert Wood Johnson Medical School. She is past chair of the American Academy of Pediatrics (AAP) Section on Early Education and Child Care and a member of the AAP Committee on Early Childhood, Adoption, and Dependent Care. She previously served as medical director of Healthy Child Care New Jersey.
