**Manhattan Elite prep, Tracy Yun : Manhattan Elite Prep Erasable GMAT Booklet with Pen (Manhattan Review)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Manhattan Elite Prep Erasable GMAT Booklet with Pen (Manhattan Review):

2 of 2 people found the following review helpful. Booklet OK, but no pen! By Michael M. Lee  
The booklet was shipped w/o a pen, so it was useless to me until I purchased a separate pen. did refund me \$8 for the lack of a pen, but the wasted time was a pain. Someone need to do better quality control somewhere in this supply chain.

Both Deepak and Elizabeth were very knowledgeable on the subject matter of the quant and verbal, respectively. The practice material and guides I received from Manhattan and them was the most useful part of the course as a whole. -- Vicrum V.I had a fantastic experience in my weekday evening GMAT class. Not only were the class sizes small where you can get the personal attention you need, the instructor was top notch. He really wanted to make sure you learned the material and was able to explain certain concepts multiple ways. I certainly recommend taking a Manhattan Elite Prep course for your next test, you won't be disappointed ! --By Greg P.I had a private tutoring and she was incredible . From the first session, Cynthia knew my weak spots and we focused more on them. She definitely knows what she is doing and is very well balanced. As a person she gets involved with your problems and issues and adapts greatly to your learning abilities. The material she used were really helpful. I would recommend Cynthia to anyone who wants to BOOST his/her score. --By Jose F.About the AuthorManhattan Elite Prep is a multi-national educational services firm, founded by Tracy Yun.
