Not par for a verbal book By dorfo This book has very inconsistent wording for questions and answers. Very frustrating to use the reading comprehension especially, would not recommend this book at all compared to Manhattan Review or the OG books. 2 of 4 people found the following review helpful. Great results By M. Lee This book does a great job of reviewing all the necessary grammatical usage and verbal reasoning strategies needed to prepare for this section of the GMAT. The training set which comes after the

study guide section is especially valuable with its abundance of useful practice questions, including a large section on sentence correction. Highly recommended for thorough review and helpful test-taking skills.

I am happy to report I took the GMAT on the 18th of December and received a score of 750. Although this score required a huge amount of individual effort, I am indebted to Manhattan Elite Prep's for its fantastic preparation material and David, our instructor, for his invaluable assistance. Dan --StudentI took the GMAT for the first time last Friday and scored 690. I only had time to do about 5 hours self study. So I found the Manhattan Elite Prep's course books critical to my success. Best Regards, Jonathan --StudentFrom the PublisherManhattan 's origin can be traced directly to an Ivy-League MBA classroom in 1999. While lecturing on advanced quantitative subjects to MBAs at Columbia University Graduate School of Business (Columbia Business School) in New York City, Dr. Joern Meissner was asked by his students to assist their friends, who were frustrated with conventional GMAT preparation options. He started to create original lectures that focused on presenting the GMAT content in a coherent and concise manner rather than a download of voluminous basic knowledge interspersed with so-called "tricks". The new approach immediately proved highly popular with GMAT students, inspiring the birth of Manhattan . Since its founding in 1999, Manhattan has grown into a multi-national educational services firm, focusing on GMAT preparation, consulting services for business school admissions, and executive coaching programs for young business professionals. It has a network of highly satisfied customers all over England, continental Europe, the United States, Asia, the Middle East and the rest of the world. The original lectures have been expanded and modified by the Manhattan Team, a group of master test-takers and experienced business coaches, to assure that Manhattan offers the most time-efficient and cost-effective preparation available for the GMAT. Manhattan also provides a variety of Career Training courses and MBA Admissions services.
