I appreciate the stupid humor in this book.I don't know if I'd pay \$15 (SPRP), but I got it for free and it's EXCELLENT!This book is a Man's Dictionary. For humorous purposes only. Do not use this in casual conversation with coworkers, women in general, or children.What you get: the book's chapters are organized into themes, and the words are put together in alphabetical

order. Chapter 1: I'm not hurt, I'm pissed! (words associated with Emotion) Chapter 2: Chicktionary (words about women -- don't use these with them) Chapter 3: Fuel injectors, firecrackers, and fighter jets (building terms) Chapter 4: Schnoekered, smashed, and ____faced (partying) Chapter 5: Bareback, booty calls, and ben wa balls (sex terms) Chapter 6: Straight Ballin' (sports stuff) Chapter 7: Words to know just so you don't seem like a puss (self-explanatory) Chapter 8: Balls, bones, and bowel movements (body processes, etc) Chapter 9: They can gigabyte my ____ (techie words) It's hilarious. Get it. 1 of 1 people found the following review helpful. Meh. Mostly boring definitions of computer terms By Robert W. Reid Most of the terms defined in here are common knowledge computer terms, which funny definitions attached to them. I found myself not chuckling. I read the book in 2 nights. I had a few chuckles I guess on words that men should never say. It is certainly priced right at \$0. If you think this book is manly, far from it. It is more geeky, nerdy computer terms that every geek would already know. I am not quite sure who this book is geared toward, other than people awaking from a coma from 2002 and need to get caught up..... 0 of 0 people found the following review helpful. Lots of Good Laughs By Piggles Hilarious couples reading. A lot of the words are very familiar, but you'll likely learn a few new things. Plus you can make fun of your man for using words that men should supposedly "never use". Always a bonus!

So your bros are hanging around the grill, shooting the shit while putting back brews from a pony keg. The air's heavy with barbecue sauce, stale belches, and testosterone. And you want to sound manly, like you read Maxim, not GQ. Like you watch football, not gymnastics. You want to use words like "crack-back", "low rider", and "mojo". You need ManWords. If you want to be a high roller, a mac daddy, or a player, you also need this book. And if "taupe", "ruching", and "brow gel" are words you actually know, get this book now. You can probably still be saved.
