**Jorge Cervantes : Marijuana Horticulture: The Indoor/Outdoor Medical Grower's Bible** before purchasing it in order to gage whether or not it would be worth my time, and all praised Marijuana Horticulture: The Indoor/Outdoor Medical Grower's Bible:

8 of 9 people found the following review helpful. Good, but not as complete or well put together as I would like. By Cirrocco This book has a lot of great information, but it is put together in a somewhat sloppy way. It doesn't really offer any step-by-step information, but if you're willing to dig through it all then you can get all the information you need. The chapter on lighting needs to be updated to account for LED lighting. So it's helpful, but be prepared to read

all the way through before you start, and hope that you get an edition that isn't 10 years old, if such an edition exists.0 of 0 people found the following review helpful. Excellent book to grow all vegetablesBy McQ6 CraftahExcellent book to grow all vegetables including cannabis both indoors and outside. I read it on a regular basis. Questions that the growers on Facebook do not know the answer to are answered here. If one is interested in getting one plant, you should read this book. I wish I had known about it a year ago.0 of 0 people found the following review helpful. The Book of Cannabis.By Mike SmithThis is an excellent book for info on marijuana cultivation. Jorge Cervantes is the authority on all things cannabis. Whether a pro or hobbyist you can't go wrong with this one.

With 512 full color pages and 1120 full color photographs and illustrations, Marijuana Horticulture: The Indoor/Outdoor Medical Grower's Bible is the most complete cultivation book available. The Fifth Edition of the former Indoor Marijuana Horticulture: The Indoor Bible was originally published in 1983, when it immediately became a best seller. More than 500,000 copies of the Indoor Bible are in print in Dutch, English, French, German and Spanish. New greenhouse and outdoor growing chapters make this a book both indoor and outdoor growers will keep under thumb. The other 15 chapters (17 total) are all updated with the most current information, completely rewritten and significantly expanded. For example, Dr. John McPartland contributed an all new medical section - The books credits list more than 300 contributors and reads like a who's who in the world of cannabis cultivation.

If you want to grow weed, this is the only book you need! --David Bienenstock - Editor, High Times Magazine, January 11, 2006Fun, informative, illustrative, hands-on and authoritative. Whether for approved medical use patients or prohibition pragmatists. --Allen St. Pierre, Executive Director, NORML, Washington, DC, January 2006The new Bible is without a doubt the best grow book on the market. --Phil Kilv, Editor in Chief, Weed World Magazine, January 2006About the AuthorCervantes is a world-renowned expert on indoor, outdoor, and greenhouse cannabis cultivation. He puts more than thirty years of expert cannabis growing knowledge and hands-on experience at your fingertips with his books, articles, photographs, and a new DVD. His expert advice has guided millions of growers worldwide to apply simple, effective horticultural techniques to high-yield closet, basement, backyard, and guerilla gardens. In his monthly question-and-answer column, Jorges Rx, the flagship of High Times magazines cultivation section, Cervantes provides definitive solutions to growers problems. He also pens a regular column in Soft Secrets magazine. High Times and Soft Secrets boast the highest circulation in North America and Europe. Cervantes still finds time to contribute feature cultivation articles to High Times, Burst High (Japanese), and a dozen European cannabis magazines. Multilingual Cervantes also speaks at eight international cannabis fairs in Europe every year. With five books in print and more than a half million books sold, you can find his works in Dutch, English, French, German, and Spanish. Soon books will be available in Italian, Japanese, and Russian.
