They are becoming great little chefs and like to cook regular recipes, not just cookies and cupcakes! They will receive cute aprons to accompany the cookbooks.The section pages are all the same artwork and there is scattered art throughout. I find the format and colors very appealing.The sections are as follows:appetizers beveragesbreakfasts breadssoups stewssalads sidesmain dishes (perhaps too many chicken dishes)desserts...all in all a sizable collection of family-tried-and-true recipes!This is a nice cookbook for both young and old chefs.4 of 4 people found the following review helpful. By Kim Wilson Owen Love Mary Engelbreit. I can't remember which of her cookbooks has my daughter's favorite meatloaf and chicken with couscous recipes in it- so delicious! So I bought two, to be sure I got the right one. My only complaint is that the recipes aren't as healthy as I would like, but it's usually easy to make healthy substitutions.
