Alexander Chernev : Mastering the Case Interview: The Complete Guide to Consulting, Marketing, and Management Interviews, 7th Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mastering the Case Interview: The Complete Guide to Consulting, Marketing, and Management Interviews, 7th Edition:

0 of 0 people found the following review helpful. Worthless for casing prep. By Amanda W-PI'm getting my MBA and landed a dream consulting internship - in no thanks to this book. I found it worthless, along with most of the other books about casing. Learning to case from a book is worse than learning to ride a bike that way. At least with a bike, there's only one way to do it right. With case interviews, there's no one way to do it. If there were, it wouldn't be the approach recommended by this book. 1 of 2 people found the following review helpful. Good headlines , v. Poor read By Awady You should buy this book only if you are interested in reading headlines, beyond the headlines you will

find little use for this book ! And the cases are no better !

NEW 8TH EDITION AVAILABLE. Mastering the Case Interview (7th edition) offers detailed advice on how to ace the case interview. It outlines the key interview principles, provides practical tips on writing your rsum and carrying out the personal experience interview, and identifies strategies for mastering the case analysis. It offers an overview of five most common types of cases, outlines a framework for approaching each type of case, and provides an extended array of interview examples that includes 20 sample case discussions and 200 practice questions.

This is the best guide that I have seen on how an applicant should prepare andhandle a job interview. I think that any student would be grateful for this book. --Philip Kotler, S.C. Johnson Professor of Marketing, Kellogg School of Management
This book provides a great description of the MBA job search process. It effectivelyuses the marketing paradigm to develop exceptional job search strategies --Andris Zoltners, founder of ZS Associates, a global management consulting firm
This book is a great complement to what we teach our MBA students. It brings tolife information any job seeker will be able to use and easily implement. --Roxanne Hori, Director of the Career Management Center, Kellogg School of Management
