Jorge Muniz : Medcomic: The Most Entertaining Way to Study Medicine before purchasing it in order to gage whether or not it would be worth my time, and all praised Medcomic: The Most Entertaining Way to Study Medicine:

0 of 0 people found the following review helpful. Regular printsBy CustomerFor 50 bucks, I assumed the quality of the paper would be high end to show off the vibrant comics so I'm honestly a little disappointed.0 of 0 people found the following review helpful. Let's start studyingBy Jurnell BaileyNice book to read, good for my study sessions.0 of 0 people found the following review helpful. most helpful book for recertification preparationBy CustomerI bought this to get ready for my recertification as a physicians assistant. I thought it was great. I love the illustrations. I am a visual learner so it was a very good learning tool for me. Thank you for writing and illustrating this book. I highly recommend it.

Medcomic channels the creativity of cartoons into the field of medicine to make learning medical concepts entertaining and fun. Studying medicine can be tedious and it's often difficult to remember the vast amounts of information required to pass tests and recertification exams. One of the most frustrating feelings in the world is staring at a question during an exam, and not quite being able to recall the answer. "I just studied this!" you say to yourself, but the details of the memory just aren't clear enough. Medcomic solves this migraine problem by combining high quality art and humor to make memorizing medical concepts easy and fun. You'll be so entertained it'll feel like you're

procrastinating, but you'll actually be gaining and retaining medical knowledge! Medcomic has been adopted by university professors all around the world in an effort to engage students and eliminate classroom cases of SIHB (Sleep Induced Head Bobbing). Medcomic: The Most Entertaining Way to Study Medicine is a useful supplement to review for the United States Medical Licensing Examination (USMLE), Physician Assistant National Certifying Examination (PANCE), and National Council Licensure Examination (NCLEX), and many other board exams in the health care field. Medcomic is written and illustrated by Jorge Muniz, a board-certified internal medicine PA. His cartoons are utilized by university professors all around the world to engage students in the classroom and provide an innovative alternative to conventional educational materials.

About the Author Jorge Muniz is a board certified Physician Assistant currently practicing medicine in Orlando, FL. He earned his Bachelor's degree in Biology in 2009 at George Mason University in Fairfax, VA. In 2013, he went on to complete his Master's degree in Medical Sciences at Nova Southeastern University's Regional Campus in Orlando. Jorge is the writer and illustrator of Medcomic. He began creating educational cartoons as a student in PA school to help his classmates study for exams. Since graduating, Jorge has been serving the community as a PA in the field of Orthopedic Surgery.
