**Craig Alan Sinkinson : Medical Spanish: A Psychiatrist's Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Medical Spanish: A Psychiatrist's Guide:

0 of 0 people found the following review helpful. Four StarsBy V. AmodeoI bought this book for my Daughter and so far she likes it.0 of 0 people found the following review helpful. One StarBy VerenaMostly relevant to non-psychiatric problems; I'm told by fluent speakers that the wording is outdated.

Medical Spanish: A Psychiatrist's Guide, Complete Volume, is the most extensive Medical Spanish resource ever

created for psychiatrists. At 692 pages, it is so complete that psychiatrists will never want to work without it again. History: Step-by-step phrases for taking a complete medical and psychiatric history. Don't know much Spanish? No problem. If you speak English, you can take a history from Spanish-speaking patients with this book. It is that complete and easy to use. Evaluation: Just as easy are the step-by-step phrases for performing a complete psychiatric examination and evaluation. Do you want your patients to interpret proverbs, perform memory tests, or just be quiet? No matter what your Spanish level, this book orients the evaluation to the way you think in English. Diagnosis: A virtual cookbook for instructing patients about numerous diagnostic issues. Want the diagnosis in technical terms? Want the diagnosis in lay terms? And want the diagnosis explained in the kind of Spanish, which your patients understand? Procedures: Need to explain the procedures you need to perform? Just pick your topic. Treatment and Explanations: A whole host of treatments and their explanations - from anxiety disorders and depression to bipolar disease and many more. Vocabulary: From soups to nuts - literally - all of the vocabulary needed to practice good psychiatry is in this book. Uncommonly simple - and utilitarian. This book has it all.
