**Kathleen Dracup : Meltzer's Intensive Coronary Care: A Manual for Nurses (5th Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Meltzer's Intensive Coronary Care: A Manual for Nurses (5th Edition):

1 of 1 people found the following review helpful. Great book!By CustomerI've read the whole book and no complaints so far. The book was informative, simple to read and direct to the point. I highly recommend it!3 of 3 people found the following review helpful. Stellar! The BEST book on coronary care nursing everBy A CustomerI have used this book, as have all of my nursing colleagues, through its various editions for many many years and cannot recommend it more

highly. Dr. Meltzer was a pioneer -- and a genius -- in coronary care and his contributions to the field are enormous. This book, called the "yellow bible" by many faithful followers, is beautifully written, easy to read and understand and very thorough. If you are a coronary care nurse, this book must be part of your library!! 2 of 4 people found the following review helpful. Meltzer's Intensive Care By A Customer Use regularly to teach arrhythmia and coronary care classes. Very thorough. Easy to follow.

The fifth edition of this classic text retains the clear and easy-to-read presentation. Comprehensively covering accurate coronary care, it has been thoroughly updated by a well-known critical care nurse. Basic step-by-step approach to mastering coronary care nursing remains a feature. Undergraduate nursing students, graduate level critical care nursing students, advanced medical/surgical nursing students.
