Merriam-Webster : Merriam-Webster's Collegiate Dictionary, 11th Edition (Book with Online Subscription) before purchasing it in order to gage whether or not it would be worth my time, and all praised Merriam-Webster's Collegiate Dictionary, 11th Edition (Book with Online Subscription):

36 of 36 people found the following review helpful. A better dictionary for those who care about wordsBy Cass AppleFor my needs, this Collegiate is a much better dictionary than the more simplified others, such as the dictionaries bundled with Kindle. Its definitions are more extensive and nuanced, especially useful when reading older material

where the meanings of words (and the words themselves) have changed over time. Many times I have found the more nuanced meanings of better authors in their selection of words. It is simple to make this the default dictionary in Kindle instead of the bundled one. At its heart, it is a standalone full copy of the Collegiate Dictionary, and can also be fully accessed as a separate book within Kindle. This makes browsing enjoyable, not just of its listings (including such pictures as dictionaries have) but also its supplemental materials. When using it as a writer (I know the word, but not its spelling, nor if I completely understand the word I seek to use) and not as a reader, I would have been more pleased if those who had added electronic usability had also made it more intuitive to those of us with poorer ability to spell by more simply allowing the browsing for a word as is done with a paper dictionary. Yes, the pages are there exactly as they are in the paper version, but, for me, the electronics are not as good as the physical movement of the pages or groups of pages. It might be that adding a line which could be dragged at the top to change the pages displayed would further improve this. 0 of 0 people found the following review helpful. A modern dictionary is a valuable thing By Jaye Sanders My computer dictionary takes care of most of my needs, but when I needed a real dictionary, my ancient one just wasn't cutting it. Our language is constantly changing. Now I'm up-to-date. 0 of 0 people found the following review helpful. Search feature is awesome! By mbarstow The fact that you can search based on the sound is awesome. Great purchase.

This attractive burgundy leather-look version of America's best-selling dictionary (2014 copyright) features more than 225,000 clear and precise definitions and 42,000 usage examples. The dictionary includes hundreds of newly added words and meanings across a variety of fields including technology, entertainment, health, science, and society. Special sections include A Handbook of Style, Foreign Words and Phrases, and Biographical Names and Geographical Names. Includes an electronic version of the dictionary and a free one-year online subscription.
