**Merriam-Webster : Merriam-Webster's Collegiate Dictionary and Merriam-Webster's Collegiate Thesaurus : Windows and MacIntosh Version on Cd-Rom, Text and Art** before purchasing it in order to gage whether or not it would be worth my time, and all praised Merriam-Webster's Collegiate Dictionary and Merriam-Webster's Collegiate Thesaurus : Windows and MacIntosh Version on Cd-Rom, Text and Art:

0 of 0 people found the following review helpful. Great product!!By Taylor HallI bought this audio cd for my grandmother because she wanted it. This is very helpful for someone who wants to hear pronunciation for words or ever just see the definition of a word. This is also great because many things are becoming electronic so you have a dictionary on your computer whether you have internet or not. I would highly suggest this product!1 of 1 people found the following review helpful. One StarBy Chansog KimOutdated version and not compatible with Windows.14 of 16 people found the following review helpful. Actually, I thought this was greatBy A CustomerI just wanted to say that I've been using this software at work (with Office 2000, on a computer with a Pentium III) for a while now, and so many people have been using mine that we're ordering more copies for everyone else. I've never had a problem with it and the one time I had to call tech support, they were extremely helpful. The MW link did indeed work. Love it, love

it, love it. My assistant is getting it for his kids.

Featuring 214,000 definitions, 35,000 etymologies (word histories), 75,000 dates of first recorded use, 34,000 examples of words used in context, and 1,000 illustrations, as well as 130,000 synonyms, antonyms, related and contrasting terms, and idiomatic expressions, this product includes both Merriam Webster's Collegiate Dictionary, 10th Ed. and Merriam Webster's Collegiate Thesaurus. Platforms: Windows and Macintosh on one CD-ROM.

The deluxe electronic version of Webster's dictionary provides definitions for over 160,000 words; but its finest attribute lies in its wealth of specialized information and usage searches which lend to leisure browsing as much as reference referral. It's not often that you can say a reference dictionary can do both; but the electronic version here provides a wealth of intriguing details; from word origin definitions to special searches for rhyming words and phonetics. -- Midwest Book
