You can learn Hebrew!!!By Lori C.Took me a little while but I did work my way through the lessons and located the free audio files on line (web address in the beginning of the book) large enough and clear enough, new words given gradually same with new idea. Very good job. Suitable for beginner adults and children both. Wont ever be mistaken for a native speaker but the lessons were helpful enough to give me

confidence to move forward with more learning. I can do it!!5 of 5 people found the following review helpful. Good starter book'By Daniel HeyvaertFor a true novice it was good. About the AuthorJim Cummins has served as teacher, pastor, evangelist and ministry planter in a variety of denominational and non-denominational settings for more than 35 years. For at least 20 of those years, Jim has been used by the Lord to plant and lead Messianic congregations places where Jews and non-Jews who believe in Yeshua (Jesus) as Messiah and Savior worship and serve the Lord together. Throughout his years in ministry, Jim has taught Biblical Hebrew and Greek to small groups. This teaching experience determined the content and approach of this book. Lisa Cummins ten years of experience in middle, high school and community college teaching inspired this books friendly, workbook-style format, which she designed and typeset. She has served in both traditional Christian and Messianic settings for more than 21 years.
