Good enoughBy Aaron BazilExcept for a couple of pages that were scribbled in, this book was good. It was very inexpensive to buy it from here than our bookstore (as usual with any campus bookstore). Good quality, arrived on time, no qualms.0 of 10 people found the following review helpful. Very ReliableBy YattiI was extremely happy with the reliability of this company and I fully recommend purchasing your books from this supplier.

Mise en scene: Cinema et lecture uniquely motivates students to build and practice their French language skills through the study of film by balancing attention to content, culture, and communication. Using authentic films and readings created for French-speaking audiences, Mise en scene guides students to expand their capacity to use French

as they engage independently with these materials and interactively with fellow students and native speakers.
