Modernize Your Resume, provides freshness to the resume writing industry by offering examples and advice on how to present jobseekers to prospective employers and headhunters. The book incorporates automation and social media platforms that prospective jobseekers need to be visible on. Once again, the dynamic-duo conquers! My library is filled with career development and resume writing publications by authors Wendy Enelow and Louise Kurzmark. They have established themselves as the standard in the resume writing industry. While there are other great talents out there in the resume writing arena, Wendy and Louise have showcased the works of other unknown resume writers in her publications. By allowing these writers to piggyback on their notoriety provides credence to their skills and

shows how selfless that Wendy and Louise are. 4 of 4 people found the following review helpful. "Get Noticed... Get Hired..." By Kindle User SJStill in the early stages of tackling my resume revamp. Solid advice presented in easy to read format. Finding the real world illustrations and nuggets sprinkled throughout each chapters very helpful. Stay tuned, I'll update my review once I take my new and improved resume for a spin in the job market. 1 of 1 people found the following review helpful. Lots of Great information By Craig in WV This is a great book and I really like the layout of the book with short chapters but full of information. The book has lots of resume examples to use when building your own resume. I gave this book four stars because I think it missed the boat by not giving your downloadable and editable layout templates.
