Merriam : MOMMIES AT WORK (Books for Young Readers) before purchasing it in order to gage whether or not it would be worth my time, and all praised MOMMIES AT WORK (Books for Young Readers):

1 of 1 people found the following review helpful. I was disappointed that this book was not the original version illustrated ...By KittyShipping was acceptable. I was disappointed that this book was not the original version illustrated by Beni Montresor that I was expecting. I was not aware it would be a different version.9 of 9 people found the following review helpful. mommies at workBy allison whiteMommies At Work is a fabulous book that has become a favorite bedtime read for my two and a half year old daughter. As a working mom, it's great to find a book that so positively depicts mommies doing all kinds of different jobs. Any child with a mom who works outside the home will find something to relate to in this book because it focuses on the important things that moms do to show their love for their kids. Mommies At Work communicates to a child that no matter what kind of job a mom does, her favorite thing is ".coming home to you." This little story reminds me of a similar yet more sentimental take on the subject of working moms - When Mama Comes Home Tonight. Mommies At Work is a nice book that lets kids know that their working mom loves them a lot! It is refreshing that this story is remarkably free of any particular political agenda regarding working mothers which is as it should be for the benefit of the children who read it.0 of 0 people found the following review helpful. Five StarsBy bettirobthanks for nice book and good transaction--

Examines many different jobs performed by working mothers, including counting money in banks and building

bridges.

From Publishers Weekly This revised, re-illustrated version of a 1955 book presents lots of interesting pictures showing a multitude of mothers in both conventional jobs (teacher, bank teller) and less conventional ones (assembly line worker, air traffic controller). The opening and closing pages feature women in nurturing roles: "All mommies loving the best of all to be your very own mommy, and coming home to YOU!" Notwithstanding the exhaustive repetition of the word "mommies," this genial paean to working motherhood should interest preschoolers with its soothing tone. Fernandes's mothers (and their children) are all given distinct personalities and traits: multiethnic, multitalented, plain or pretty or overweight, all are cheerful, committed workers. *Daddies at Work* is a companion title. Ages 2-5. Copyright 1989 Reed Business Information, Inc.
