From Ingramcontent : Mona Lisa Reimagined before purchasing it in order to gage whether or not it would be worth my time, and all praised Mona Lisa Reimagined:

1 of 1 people found the following review helpful. Amazing, something for everyone!By CustomerThis is an amazing book, I could not believe how interesting it was. There's such a wide variety of artwork, truly something for everyone. When you start looking at it you just want to keep looking because even though all of the artwork is about Mona Lisa, it is all so different too. It's easy to spend hours and hours and then when you look back at a picture again, you still see something new, something you missed, or something you might interpret differently this time around. The stories behind the art are also intriguing, and they deepen your appreciation of the work. It's hard to put it down once you get started looking at it, but most of us don't have the time we would want to spend looking. So it might be a challenge to try to look at only one image a day, like the daily calendars, because when you look at one, you'll see the next page and probably keep looking when you should be leaving for work, not looking at another page. It's addictive.0 of 0

people found the following review helpful. Great book for readers aged 5 to 105By Sophie M.One of the most fascinating coffee table book I've had my hands on in a long time. In theory, it should please 100% of anybody, since EVERY single style, theme, reference is included, from classic renaissance, to hard rock, to pop etc.Great book for readers aged 5 to 105.0 of 0 people found the following review helpful. Engaging CreativityBy Antero SzutsalyiBravo! Astounding collection! Dramatic demonstration of this enduring, ubiquitous icon. I'd love to see Maell do this now with Grant Wood's, American Gothic.

Over eight million people from all over the world flock to the Louvre every year for the opportunity to gaze upon Leonardo da Vinci's beguiling Renaissance masterpiece, 'La Gioconda', more popularly known as 'Mona Lisa'. What is it about this iconic portrait that continues to mesmerize century after century? For centuries civilizations have exhaustively attempted to examine all facets of the famous artwork's creation, influence, mythology, heritage, and mystique. There has never before been published a comprehensive collection of Mona Lisa recreations. This oversight has finally been remedied with *Mona Lisa Reimagined*, a lavishly illustrated and captivating anthology of hundreds of pieces of art that have been inspired by this priceless world treasure. Featuring both established and emerging artists from over fifty different countries, this book is destined to become an essential addition to any bookshelf, coffee table, or library.

About the AuthorErik Maell is an illustrator and graphic designer whose clients include Lucasfilm Ltd., Universal Studios, The Walt Disney Company, Marvel Comics, DC Comics, Topps Trading Card Company, and Victoria's Secret Beauty Corporation. He lives in Columbus, OH.
