Monte Burch : Monte Burch's Pole Building Projects: Over 25 Low-Cost Plans before purchasing it in order to gauge whether or not it would be worth my time, and all praised Monte Burch's Pole Building Projects: Over 25 Low-Cost Plans:

1 of 1 people found the following review helpful. okay if you already know what you're doingBy BrianaleebillThis book appears to expect one to have a pretty good sense of building. Some projects are on one page and have extremely limited details. More of a reference book, not a "how to" book.0 of 0 people found the following review helpful. Four StarsBy CustomerGood book. Wish it would go through a step by step detailed how to as well.0 of 0 people found the following review helpful. Five StarsBy bignickThe book contains information and ideas that are helpful in planning and building a pole barn

Whether you're interested in building a simple wood shed or a two-car garage, a pole building can save you time and

money. Stressing the versatility and practicality of pole building construction techniques, Monte Burch offers complete plans and clear step-by-step instructions for building more than 25 structures that include a barbecue shelter, grape arbor, and even a large hay barn. Easily adaptable to your specific needs and landscape, pole buildings require no foundation, limited grading, and few materials.

From the Back Cover The Latest in Pole Construction Plans from Author/Builder Monte Burch While many pole building books focus on residential housing, Monte Burch's Pole Building Projects features other structures suitable for rural and suburban areas. More than two dozen attractive, practical, and useful pole building plans are fully presented, projects to improve your yard, farm, or homestead. Burch's fresh ideas offer something for every builder, from a storage shed or gambrel to a garden gazebo or swimming pool deck surround. Monte Burch's Pole Building Projects includes: * Small and Big Bale Hay Barns * Recreational Vehicle Shelter * Mobile Home Cover * Wood Shed * Lean-To Shelter * Two-Car Garage * Workshop * Barbecue Shelter * Livestock Shade * Grape Arbor Economical pole building construction saves time, labor, and money because it requires no foundation, excavation, only limited grading, and fewer materials. Pole buildings allow use of sites not suitable for other types of construction, and pole design offers excellent structural integrity and wind resistance. The poles transfer snow, wind, and building loads directly into the ground. Plus, the simplicity and ease of construction of pole buildings make them ideal for the first-time builder.
