Don't buy this versionBy Daisy DayIt's cheap and convenient but only goes up to chapter 4- if that's what you're looking for go ahead! Just a heads up. If it's \$100, that's because it's all there haha0 of 0 people found the following review helpful. Four StarsBy CustomerProduct is as advertised. Only the first volume of the series so the book only has the first five chapters. Overall a helpful book for learning Spanish though.

conversation. Providing the truly communicative, deeply culture-focused approach instructors believe in along with the guidance and tools students need to be successful using a program with highly communicative goals with Mosaicos, there is no need to compromise. Recognizing the primacy of the relationship between culture and language, the new Sixth Edition of Mosaicos places culture up front and center, and everywhere in-between!
