Glad I opted to get this for my granddaughter for Christmas. I think she will find it extremely interesting and useful. 2 of 2 people found the following review helpful. Lots of colorful pages full of Moshi info By bunnymama This is a very cute, quality book that would be a great addition to any Moshi collection. The book is a little bulky because of the panel that holds the included Colonial Catcher figurine. If the Moshi fan in your life would like info on how to catch certain Moshis, I would recommend the Collector's Guides instead of this one. The collector's guides tell which seeds to plant in the garden to grow characters. 2 of 2 people found the following review helpful. Daughter Loves It By dndobson My daughter thought at first that it was really thick, but when she got it she realized that it wasn't as thick as it really is. Still a great addition to

her many Moshi things, especially the figure of Colonel Catcher that came with. Even though it takes up more space in her backpack, she still LOVES it.
