3 of 3 people found the following review helpful. Less than expected, but good informationBy R.P.The book is less than I expected it would be. There is great information contained in the book, mostly tips and small snippets. My expectation was that it would be a more comprehensive guide of best practices throughout each season. As another reviewer mentioned, it feels disorganized.2 of 2 people found the following review helpful. Just great. I went looking for old fashioned wisdom and ...By Lu TzeJust great. I went looking for old fashioned wisdom and found so much more. Things I'd observed and had wondered about finally had explanations. It turned out I wasn't misunderstanding something, just lacking the explanation to understand why.Not all is 'scientific' knowledge, but then sometimes it

doesn't need to be, it just needs to be interesting, make you wonder and maybe a little fun also. 1 of 1 people found the following review helpful. I scanned it found several hints I really love. I got a splinter in my index finger Monday, but I am the world's worst sissy about having a splinter removed with a needles the edge of my finger is so sensitive I was holding out for a miracle, ha ha. The book gave me a great hint for softening the skin so my husband did remove it with just a pair of tweezers. So it has paid for itself then some. Thanks so much for this book!!!
