Simon Goddard : Mozipedia: The Encyclopedia of Morrissey and The Smiths before purchasing it in order to gage whether or not it would be worth my time, and all praised Mozipedia: The Encyclopedia of Morrissey and The Smiths:

4 of 4 people found the following review helpful. An amazing in-depth resource for Morrissey and Smiths fansBy Chris SI could seriously sit and read this book for hours, jumping between obscure (and popular) references. I am simply in awe at the amount of depth, detail, and effort that went in to the creation of this publication. It is mind-bending to appreciate how much thorough research was put in to compiling this information, and everything is written in a factual, historical manner with little or no opinion injected. I only hope that future editions are released..3 of 3 people found the following review helpful. Probably the best book written about Mozz and his tunes.By Bob CorderBesides his autobiography, probable this is the best book ever written about Morrissey's songs. the author put in a few and simple words the origins, ideas a situation that inspired Morrissey and co-writers to create every song. No matter if you are fan or not, if you like music, you must read this book for improve your musical knowledge.1 of 1

people found the following review helpful. MozopediaBy MJZThis is way more than I expected! Really pleased with the amount of information in here and the depth each entry goes into. The photographs alone are worth the price. I can only imagine the amount of hard work that went into this. I wish I had picked this up sooner.

The definitive guide to one of the most beloved cult figures in pop music history. Steven Patrick Morrissey is undoubtedly one of the most original musicians of all time. With The Smiths, he led the most influential British guitar group of the 1980s, and his enigmatic wit and style defined a generation. As a solo artist, he has continued to broach subjects no other singer would dare. The summation of years of interviews and meticulous research by acclaimed music journalist Simon Goddard, Mozopedia is the most in-depth and exhaustive book about the man, the myth, and the music that's ever been published. Bringing together every song, every album, every collaborator, and so much more in over 600 entries, this is a unique and sensational find for music fans and a must-have for Morrissey's legions of devoted admirers.

The authoritative guide to all things Morrissey.Los Angeles Times "A witty, well-informed collection of fact and anecdote, full of fascinating bits and pieces."Uncut The first in-depth examination of Morrissey and his music, and is a 'must' for any Morrissey fan. Years of interviews and research into his life results in a gathering of every song, album, and idea relating to Steven Patrick Morrissey.The Bookwatch Everything you ever wanted to know about Morrissey and The Smiths: songs, albums, producers, collaborators, lyrics and a hoard of other trivia. It's illustrated with rare photographs and artwork, and put together with lush production values.The BooksellerAbout the AuthorSimon Goddardis the author of the acclaimed pop music booksZiggyology, Mozopedia, Simply Thrilled and Songs That Saved Your Life.As a journalist, he has written for, amongst others, Q magazine, the Guardian and the Wall Street Journal,and featured as a guest on various radio programmes and documentaries including BBC Radio 4sSoul Musicand BBC 6Music's Radcliffe Maconie.He lives in London.
