By Fugi Zuniga This came in time for my hike this past weekend. Love that it's waterproof and tear resistant. I will be buying more as I need them.

By Michael Backman Weather resistant map at 1:31,680 scale. Contour interval 80 feet. The paper is a bit flimsy.

By Chaka Tania Good accurate maps. Did well in wet weather. Spread out when drying out and it should be fine....or they might dry stuck to itself.

Shaded relief topo map covers a large area above Los Angeles Basin. Printed on waterproof and tear proof material.
