A joke at best.0 of 0 people found the following review helpful. Short and precise...no flutterBy PeterWow short and concise. Why aren't more book written like this. I now know what organizations to join and what rights I have for my songs as well as others. Excellent job.0 of 0 people found the following review helpful. Basic but meaningful.By Andrew StevensA good quick read covering the basics of publishing

(Berklee Methods). Get your songs published and start earning royalties! This handy primer and quick reference guide will help you around the many obstacles of the shifting music industry and the vital importance publishing plays to help you make money from your music. Learn how to: exploit all facets of publishing revenue * take advantage of all royalty streams: performance, mechanical, printed music * gain exposure and income from movie and TV "synchs" * legally protect your songs with copyrights. Also includes a glossary of music publishing and copyright terms as well as music organizations for further research.
