Will help both Chinese speaking people with their English vocabulary or English people with their Chinese vocabulary. I will admit it seems a little pricey but it has no competition I'm aware of. Highly recommend.2 of 2 people found the following review helpful. Great dictionary, fun picturesBy Trevor KunzGreat dictionary, fun pictures, and a broad range of information. It also includes an index at the end with traditional characters if you are interested in learning the traditional characters.0 of 0 people found the following review helpful.
