Milet Publishing : My First Bilingual Book Animals (EnglishFrench) (French and English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised My First Bilingual Book Animals (EnglishFrench) (French and English Edition):

9 of 9 people found the following review helpful. Love the simplicity of it! By GP The Engineer I'd picked up a few french language kids books in the hopes of teaching the kid of a family friend. Where i had struggled is that the more complex books (despite being for the right age bracket) jump right into sentences and phrases, and skipped over the core words. The format of THIS book blew me away. I know it's just animals with both English and French names next to them, but sometimes the simplest solution is the best. I liked it so much I've already picked up a few other books by this publisher. 0 of 0 people found the following review helpful. Very popular with a two year old! By Customer Purchased this as a started book for my niece (2) who is just learning a second language. Its a nice, heavy cardboard book and the colors are bright. No problems or issues with the binding or the text (like poor screening where words could blur together). It is a nice place to start with learning nouns and learning the names of things. I would recommend it as a beginner book to learning French. This is a favorite for my niece and I think its because of the animals. 1 of 1 people found the following review helpful. Disappointed in the printing of this book By Julie Cupit Disappointed in the printing of this book. The front cover's print is very lopsided and unprofessional- not something I'd expect from a book I paid \$8 for!

Guaranteed to enrich a toddlers vocabulary, this simple and fun series of bilingual board books is ideal for helping children discover a foreign language. Highlighting more complex concepts that go beyond colors and numbers, titles in the series feature animals, fruit, home, and vegetables. This collection combines photographs, bright illustrations, and dual-language words in clear, bold text. Suitable for both individuals and groups, these books are a childs perfect introduction to exploring other cultures.
