Great books, poor quality By NIKII purchased these for my 2yr old twins as well as their friends 1st birthday. I have other books from this line so expected a good product... the books arrived, my children opened the 1st page the book was split away from the spine, same with the others ordered. I am not sure where they are stored prior to shipping but it is most likely to dry and drying out the glue. Extremely annoyed. 0 of 0 people found the following review helpful. my grandson is bilingual and these books were a great gift to him bought 8 more he loves to read By Customer my grandson is bilingual and these books were a great gift to him bought 8 more he loves to read

Guaranteed to enrich a toddler's vocabulary, this simple and fun series of bilingual board books is ideal for helping children discover a foreign language. Highlighting the two basic concepts of colors and numbers, this collection combines photographs and colorful illustrations. All images include the words in both English and the second language in clear, bold text. Suitable for toddlers on their own or in groups, these books are a child's perfect

introduction to exploring new languages.
