Milet Publishing : My First Bilingual BookFeelings (EnglishFrench) (French and English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised My First Bilingual BookFeelings (EnglishFrench) (French and English Edition):

My toddler likes the book but is not really learning about feelings.8 of 8 people found the following review helpful. Lacks feminine agreement with the adjectiveBy MimiI have one big complaint. Most of the images depict girls. However, there is no feminine agreement with the adjective, except for one image (Ma soeur est heureuse. / My sister is happy.). For example, on one page, there is a grumpy girl but the text says "...je deviens un peu grincheux." It should have been "...je deviens un peu grincheuse." Too bad...0 of 0 people found the following review helpful. MediocreBy Lindsay MI'm glad this book at least has full sentences, unlike some of the others in this collection, but as the other reviews stated, the artwork is pretty mediocre, and there is a lack of subject/adjective agreement. In my opinion, I don't think the statements they chose express feelings very clearly, and I wasn't crazy about a couple of the translations. Unfortunately, French-English kids books are hard to come by in the US.

Guaranteed to enrich a toddlers vocabulary, this simple and fun series of bilingual board books is ideal for helping

children discover a foreign language. Highlighting more complex concepts that go beyond colors and numbers, titles in the series feature animals, clothes, fruit, home, jobs, music, opposites, plants, school, sports, tools, vegetables, and vehicles. This collection combines photographs, bright illustrations, and dual-language words in clear, bold text. Suitable for both individuals and groups, these books are a child's perfect introduction to exploring other cultures.
