**From Publications International : My First English-Spanish Picture Dictionary** before purchasing it in order to gauge whether or not it would be worth my time, and all praised My First English-Spanish Picture Dictionary:

5 of 5 people found the following review helpful. Fun and engaging for children just starting to learn Spanish. By Alariand I like the setup, with words grouped onto pages based upon themes. It's definitely aimed at kids, with topics such as "At the ice cream shop", and "imagination words" (some common story book words) joining the more usual fare ("at school", "family"). I was a bit disappointed in the coverage of numbers, in which numbers jump directly from twenty to one hundred to one thousand. I also do not agree with some of the pronunciations. However, I was quite pleased to find the alphabetical index in the back, with both English to Spanish, and Spanish to English lists of the

words in the book. Overall, I found it to be a fun, engaging, helpful picture dictionary for children beginning Spanish. 1 of 1 people found the following review helpful. The perfect English-Spanish helper for children By K. McKenna I recently went to visit a brother and sister who speak and read only Spanish and wanted to bring them a gift to share in addition to the individual gifts I brought. They both have expressed interest in learning English previously. I found this book on Amazon and it fit the bill completely. It has a easy to wipe-off cover and bright, colorful, illustrated pages. The words are pictured and written in English and Spanish plus phonetically. The book kept them occupied for hours and it was very easy for them to figure out the pronunciation. This is a beautiful book. 0 of 0 people found the following review helpful. Great Purchase as Gift By Journeyne IT WAS gift sent directly to Grandsons, age 6 & 8. THEIR mom said they loved them and Mom and Dad like too. Great to have read before bedtime, as both taking Spanish class at school now in Calif. I, PERSONALLY, have not seen books yet, as they live a distance from me. Grandsons told me in phone, both books real helpful as both seem to like learning the the language. I based my purchase on others comments. Glad I did. PARENTS FRIENDS like books too.

**My First English-Spanish Picture Dictionary** My First English-Spanish Picture Dictionary is designed to help children learn to speak the Spanish language. Each word is given in English and then in Spanish, followed by a pronunciation guide. Featuring color images and simple conversation starters, My First English-Spanish Picture Dictionary is an ideal tool to spark a child's interest in learning Spanish. The 96-page book, recommended for children ages 8 and older, teaches hundreds of Spanish words. Here is a closer look at what My First English-Spanish Picture Dictionary has to offer: Dozens of sections that categorize words, such as family, at home, pets, at school, in the computer lab, team sports, and winter fun Multiple illustrations and dozens of words on each page, each word with a clear phonetic pronunciation "Let's Talk" sections on every two-page spread, each with a short, compelling conversation that teaches kids entire sentences, grammar, and syntax na
