I've been reading my son Rebecca Emberley books since he was 1 month old and he is now 1 year old and still loves them. We will be buying more books soon.3 of 3 people found the following review helpful. It's okay but not the best bilingual book out thereBy B. IsabelThis is a good book for families trying to teach their kids another language but for a native speaker like myself it just didn't work for me. The illustrations are mediocre and I would've like to see other types of food (more fruits or veggies).0 of 0 people found the following review helpful. Should own the entire series eventually!By brandibekThese Rebecca Emberley books are wonderful. They are simply laid out with both English and Spanish. The illustrations are very clever paper creations of the vocabulary words displayed on each page. I hope to own each book of this series eventually.

The vibrant colors and large text in this enchanting collection of bilingual board books make learning easy and fun. Boldly colored construction paper cutouts on stark white backgrounds introduce the basic concepts of colors, numbers, shapes, and opposites in a way that will engage little ones again and again. From Publishers WeeklyEnglish and Spanish translations of familiar words appear side-by-side in four bilingual board

books by Rebecca Emberley-My Animals/Mis Animales; My Clothes/Mi Ropa; My Food/Mi Comida; and My Toys/Mis Juguetes-all illustrated with colorful fabric collage against a stark white background. Each object or concept gets its own page, but clever pairings (e.g., "car/el auto" featuring a red car and "truck/el camion" depicting a blue and yellow truck) make the most of each spread.
