Gives the names of ingredients in both Russian and English, so crossreferencing is very easy. The illustrations are amazing too. 0 of 0 people found the following review helpful. Five Stars By Alex Bykovsky Great recipes, can't wait to try them all. 0 of 0 people found the following review helpful. Nothing feeds your tummy and your soul better than homemade authentic cooking. By Aras D. Nothing feeds your tummy and your soul better than homemade authentic cooking. That's exactly what you'll find in this book. It is a compilation of author's family recipes that are easy to follow and leave your guests asking for more. Highly recommend!

We collected our favorite recipes in this book. They are not difficult and our families and friends just love dishes prepared based on them. We also included a very useful vocabulary of most frequently used spices and grains in both Russian-English and English-Russian versions. No more need to search the Internet for their translation; it will be under your finger tips in our book. In the end you will find pages for your own notes and recipes. Enjoy the food and improve your language skills! www.mygrandmasfairytale.com
